

Workshop

UNDP's Sectoral Corruption Risk Management

Istanbul, Turkey, 9-11 October 2022

Draft Programme

Overview

The United Nations Development Programme (UNDP) is organizing a workshop in Istanbul, Turkey, from 9 until the 11th of October 2022 within the framework of UNDP's regional project on Anti-Corruption and Integrity in the Arab Countries (ACIAC), which is implemented in partnership with the Korean International Cooperation Agency (KOICA).

The workshop provides an opportunity to discuss and advance the prioritized framework of the regional project on the nexus between corruption and energy, education, health, water, and transport in the Arab Region, including the integration of gender perspectives. Through it, the participants will familiarize themselves with ACIAC's outputs and workplan and gain direct acquaintance with UNDP's Sectoral Corruption Risk Management Methodology. By discussing ways forward, the team will consolidate key considerations for the development of the regional discussion papers and implementation guide.

Overall, the meeting constitutes a space to collectively clarify expectations and align on a set of outputs and critical milestones.
